Subject: Need for Amendment, Holliday Construction, Lime Ridge Mine, M0370081, San Juan County, Utah

Dear Mr. Holliday:

On April 28, 2008, I inspected the Lime Ridge Mine and noted a new set of truck scales. These scales need to be included on the surface facilities map and in the text of your mine plan. You should also include any other facilities or disturbances that are not currently in your mine plan. Please submit this amendment no later than June 30, 2008. Failure to do so could potentially result in enforcement action.

The reclamation surety needs to be updated to reflect current costs, but the Division will await the amendment before beginning the escalation process.

Please let me know if you have questions about these requirements. I can be reached at 801-538-5261 or by e mail at [paulbaker@utah.gov](mailto:paulbaker@utah.gov). Thank you for your cooperation.

Sincerely,

Paul B. Baker  
Senior Reclamation Biologist
